

To: NTFPD Board of Directors  
From: Michael S. Schwartz, Fire Chief  
Date: 12/3/2019

**SUBJECT: AGENDA ITEM #9, CONSIDER ACCEPTING THE DONATION OF AN 18-FOOT 1958 CHRIS CRAFT WOODEN BOAT WITH A VALUE OF \$35,000 FROM LAWRENCE REARDON**

Background

The District recently received a donation of an 18-foot 1958 wooden Chris Craft boat with a value of \$35,000 from Lawrence Reardon. The boat is currently stored at Sierra Boat. Mr. Reardon donated the boat to the public private fund because he supports the fire boat initiative.

The boat has been completely restored by Sierra Boat Company. There is some maintenance required, and Sierra Boat's General Manager has offered to assist in selling the boat, making the necessary repairs, and storing it until we have a buyer.

The Board is being asked at this meeting to accept this donation to the District and authorize the Chief or his designee to send a letter to Lawrence Reardon thanking him for the generous donation to that effect. The proceeds from the sale of this antique boat will be entered into the Fire Boat Pubic Private Partnership Fund.

Recommended Action:

- 1) Accept this donation to the District and authorize the Chief or his designee to send a letter to Lawrence Reardon thanking him for the generous donation to that effect.
- 2) Authorize the proceeds from the sale of this antique boat to be entered into the Fire Boat Pubic Private Partnership Fund.
